### Heavy vehicles brake tester periodical maintenance

## Garage Equipments Installation, Dismantles & Shifting

When purchasing vehicle service & maintenance garage equipments from us we can provide free installation & shiftings services whether it is a stable or mobile setup we can ensure that the machinery is correctly installed, calibrated and machinery ready for you start using the equipment. Initial staff training can also be done.

What ever the industry light and heavy requirements needs to be shifted from place to place we will provide such a turn key contract with working condition and we can provide a solution to any requirement and happy to provide on site advice prior to ordering eqpt. Just give us a call or send us an e-mail meet u.

## Garage Equipments Calibration & Certification

Jupiter can carry out calibration on a wide range of equipments including wheel balancer, wheel alignment, optic-lazer-infrared alignment equipments, brake testers, pneumatic torque wrenches, air gauges, air compressor pressure safety valves, paint booth L/H temps,

All calibrations are carried out to tolerances laid out by each brand equipent manufactures recommendation rather than a standard figure. this way we can ensure all equipment is setup exactly how it was meant to be.

And all calibration are backed up with printed certification and high lighting the equip-ment readings from before and after calibration carried out. we also provide certified proof of yearly equipment calibration for ISO & TUV.

## Garage Equipment Recondition

We undertakes garage equipments recondition such 2 & 4 post vehicles lift, wheel aligner, wheel balancer, tyre changer, air compressor, paint booth, spotwelding machines, vehicles body collision repairs machines, vaccum pumps, high pressure service pump, heavy electro pneumatic lifts, trolley jacks from a full overhaul or just a load test and calibration. All lifts & jacks repairs comes with a test certificate if required,

All equipment is brought in to our equiped workshop where it is cleaned, stripped down and a full inventory of worn parts is taken.

The equipment is then send to our sand blasting depart where it is taken back to bare metal and primed.

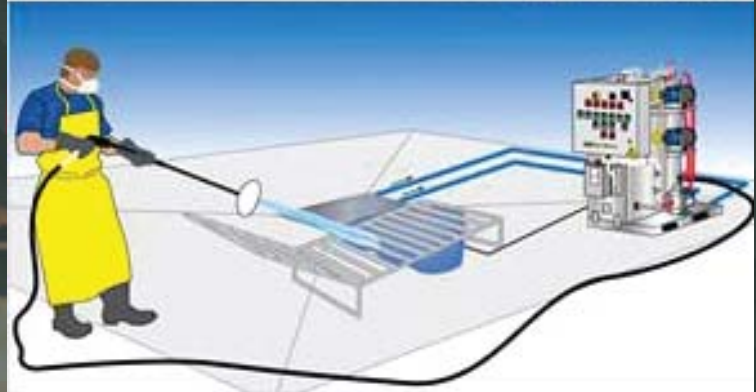

The equipments is then returned to the workshop where all new parts are fitted as needed.

## Garage waste water treatment plant

Wastewater treatment is the process of removing contaminants from the effluent streams and runoff. It includes physical, chemical and biological processes to remove physical, chemical and biological contaminants. Its objective is to produce a treated effluent and a solid waste or sludge suitable for reuse or discharge back into the environment.

We offer clarification and emulsion-breaking programs for the API or CPI separator, as well as programs to more efficiently resolve the emulsion produced from the flotation of these separators. We offer exceptional secondary clarification programs for biological solids concentration and removal, producing concentrated solids streams for recycling or dewatering and clear effluent, suitable for disposal. Our sludge dewatering programs produce effluents that are clear enough to avoid overloading the treatment plant upon recycling, together with a dry, easily disposable cake.

### Features

- Adsorptive and trapping capacity to oil and dirty
- Easy to regenerate and backwashing without medicine
- Manual or automatic
- Oil-proof
- Remove SS and oil
- Operation in series or parallel connection

## AUTOMATIC SUNSHADE, AUTOMATIC BRAKE, AUTOMATIC JACK

### Vehicles Automatic Sunshade

Having a large people carrier I have found the usual stick on sunshades too small for my windows- they end up in the wrong place for the angle of the sun or fall off or are pulled off by little hands....then along comes this fantastic car sunshade which stretches over my large windows with ease and provides full sun shade and excellent sun protection.

Automatic Emergency Braking (AEB) combines advanced Driver Assist Systems and Electronic Stability Control to slow the vehicle and potentially mitigate the severity of an impact when a collision is unavoidable. Jupiter offers solutions for city driving and higher speed situations.

Electrical & Pneumatic Vehicle Automatic Jack

Electrical & Pneumatic Vehicle Automatic Jack

**We Supply All type of Garage Equipments**

**Various Types of Compressors**

Non Continuous Running High Pressure Piston type Low Capacity Compressor Max Pressure 15 Bar @ 2" pipe

Continuous Running High Pressure Oil Free RPC High Capacity Compressor Max Pressure 30 Bar @ 2" pipe

**Tyre Changer**

**Heavy Tyre Changer**

**Wheel Aligner**

**Wheel Balancer**

We Supply & Repair Light and Heavy Vehicles Tyre Changer with after sales Warranty Service Support cum Parts

We Supply & Repairs Vehicles Wheel Lazer Aligner & Wheel Balancer with Warranty & Service Support cum parts

**Paint Dry Booth**

**Paint & Water Spary Booth**

**Paint Sprayer**

We Supply & Repairs Vehicle Paint Booth with Warranty cum after sales technical service support to any brand

High-pressure gas paint spraying technology to create the industry's difficult to match the new standards.

**Dry Vacuum Pump & Direct Vc Pump**

**Low & High Pressure Water Pump**

We Supply & Repairs Vehicles Service Station & Garage Purpose High/Low Various types Vaccum Pumps

We supply & Repairs High pressure water service pumps for vehicles under & exterior washing cleaning purpose.

# Vehicles Inspection Instrument

## Fuel Pressure Tester

We Supply D/P Vehicles Fuel Pressure Tester, Vacuum Tester, Smoke Tester, Combustion & Corban Tester

## Combustion tester

We Supply & Repair Scanner for All Brand Light & Heavy Vehicles EFI & ABS Automation Diagnose & Reporter

## Brake Oil Quality Tester

We Supply & Repair Brake Oil, Engine Oil, Transmission Oil, Crown Oil & Hydraulic Oil Quality Tester

## Battery Reconditioner

We Supply & Repair All Light & Heavy Vehicles Brake Testing Stable & Mobile Stations with Parts & Warranty

## Battery Charger

## Portable vehicle brake tester

It is used to test the max. Brake force, max. Retarding force as well as max. Balance between the left/right brake

## Brake Tester Gauge

## Battery Load Tester

Performing a battery condition test is made easier and more accurate with our microprocessor controlled design.

## Brake Tester

## Wireless Brake tester

## Truck brake tester

## Fault Analyser

### Vehicle Cabin Leakage Tester

Vehicles Cabin Leakage testing machine will detect invisible cabin air condition leakages and dusts entry ways. Also the leakage testing machine will improve air condition cooling quality and durability including dusts & moistures proof.

### Vehicle Cabin Pressure Tester

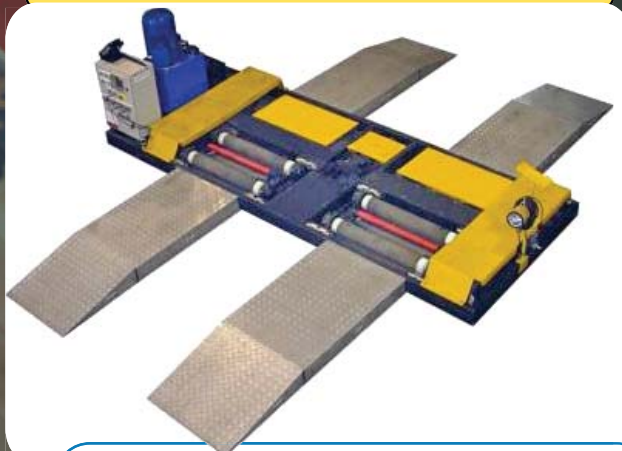

### Light Vehicle Brake Testing Station

We Supply & Repair Light & Heavy Vehicles Brake Testing Station with Warranty and service support backup

### Portable Brake Testing Machine

We Supply & Repair All Light & Heavy Vehicles Portable Brake Testing Stable & Mobile Stations with parts backups

### Automatic Car Washing Station

Automatic full option Steam Water, Soaping, Agliting, Brushing & Washing Mobile & Stable Station Supply & Insta

### Computerised Wheel Alignment

Computerised Infrared & Laser Wheel Alignment Machinery Supply, Install-Repairs & Maintenance Services

## Garage Equipments

### Hand Pump Car Lifting Jack

We Design & Supply Special handy pumping Hydraulic Portable Vehicle Lifting systems

### Hand Pump Motor Cycle Lift

We supply special hand pumping hydraulic portable two wheeler Lifting systems

### Accident Vehicle Repair Bench

Collision Vehicles high-precision work bench, provides you a multi-use working facility to denting & bending

### Accident Vehicle Denting machine

The frame machine is made of high quality manganese plates, enjoys merits of high strength & rigidity.

### Spot Welder

### Steam Washer

### Waste Oil Collector

### Heat Air Blower

### Body repair rope puller

### Body Denting Magnet Puller
