We Buy Bio-Medical Equipments

Does your facility have surplus medical or hospital equipment that you need to sell fast?

We offer fair prices, pay all cash, and can buy right on the spot.

We like to buy: Laboratory Equipment, Defibrilators, Dopplers, Sonogram Equipment, X-Ray Equipment and the list goes on ...

We can buy single pieces or entire medical suites of equipment.

If you have items that you need to sell today, then please tell us about them. We generally buy from within the Middle East, but for the right large lots of equipment will travel anywhere in the country.

If so, Jupiter would be interested in speaking with you about purchasing your home medical equipment. Our trained medical equipment repair technicians are able to rebuild the units which we can then offer as refurbished medical equipment to provide substantial savings for the end user.

Medical Eqpt. Installation

In recent years Jupiter has been able to specialize and develop medical equipment installation. What started as a small side project has grown into two to three major projects per month. We have contracted with owners, manufacturers, contractors, consultants and equipment brokers to install and/or remove the heavy components of medical diagnostic and treatment equipment in hospitals, clinics, medical schools and medical offices.

Jupiter has had the privilege to perform nearly two hundred of these projects, including one hundred and forty MRI magnet installations. The other equipment we have experience with is as follows: gantries for CT scanners, cyclotrons, linear accelerators, irradiators and the cancer treating gamma knife machine.
